Sir,

I have the honour to report that the Japanese Ministry of Railways have decided to grant a reduction of twenty per cent on the fares to foreign teachers and students visiting Japan when travelling on the Government Railways.

2. This reduction will apply to professors and teachers and to students and pupils of Government and other public schools and of private schools established with the permission of the competent authorities.

3. The amount of the reduction is to be twenty per cent on second and third class fares for professors and teachers, and on third class fares for students and pupils. The reduction is however only made in cases where each single trip covers a distance of fifty kilometres or more, and in any case does not apply to children under the age of twelve.

4. The reduction is made on the production of a certificate, which is obtainable from Japanese Diplomatic and Consular Officials abroad, or at the Ministry for Foreign Affairs here.

5. I have brought this concession to the notice of His Majesty's Consular Offices in Japan.
